NGO grants - ? (inc FS component)

New CAP 2023-2027

A new way of working

Modern - results & performance

Greener, fairer & competitive

New CAP 2023-2027 (2)

A greener CAP

EU MS to display a **higher ambition on environment and climate action** in their CAP strategic plans (**contribution to Green Deal targets**)

- **Enhanced conditionality** (e.g. **> 25% of the budget** for direct payments will be allocated to **eco-schemes** (organic farming, agro-ecology, carbon farming, etc.) & **animal welfare**;
- **Climate and biodiversity: 40% of the** to dedicate 10% of the EU budget to biodiversity objectives by the end of 2027 **CAP budget** will have to be **climate-relevant** and support the general commitment .

- **Redistribution of income support:** EU MS have to dedicate > 10% of their direct payments to better address the income needs of **smaller and medium-sized farms**);
- **Social conditionality:** CAP payments linked to the respect of certain **EU labour standards**; **support young farmers** (> 3% of direct payments); **increase women participation in farming** (part of the objectives for EU MS CAP strategic plans.

A fairer CAP

A competitive CAP

- The new CAP will **strengthen the position of farmers in the supply chain and boost the competitiveness** of the agri-food sector:
- **Improved bargaining power:** new rules will reinforce **producer cooperation**, encouraging farmers to work together;
- **Market orientation:** the new CAP maintains the overall market orientation from the previous reforms, encouraging EU farms to align supply with demand in Europe and beyond (**DCFTA**);
